

Telephones Serie 346

Industrial Watertight Type

TLA346

TLC346

Description

- Industrial Telephone Series 346 with watertight housing fully sealed made of light aluminum alloy to expedite the operation of industrial plants in adverse environments.
- This Electronic new generation Telephone is protected against all electrical and radio interference. Thus the acoustic quality is improved and operation with reduced voltage even on long lines or lines with low level of power.
- Anti vandals keyboard
- Resistant to chemicals
- Guaranteed Universal PABX Compatibility
- Acoustic power up to 92dB at 1 meter
- Micro headset conversation mode, (Optional hands-free function)
- 3 year manufacturer warranty
- Availability in Analog (Optional VOIP POE SIP protocol)
- Option of additional signaling connectivity such as flash light and repeaters.

Specifications

- Line voltage: 12 to 48 Vdc
- Consumption: <45mA
- Ring Tone Voltage: 35 - 90 Vac
- Dialing: DTMF / decimal
- Detection of hanging: Magnetic
- IP66 protection rating
- Index of protection against impacts IK10
- Micro-headset cable: Stainless steel with 200Kg resistance
- Ambient temperatures for use -35 ° C / + 85 ° C
- Dimensions 210 X 240 X 117mm
- Weight: 3.6 kg

APPLICATIONS: Steel, Foods & Manufacturing Plants Agricultural, Vegetable Oil, Automotive, Naval, Army, etc.

Compatible with any central telephone exchange analog or digital.
